## **DETAILED ACTION**

## Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Fischer (U.S. 2,373,388). Fischer discloses the invention as claimed. Fischer teaches a pair of goggles comprising a frame 14 and a wearing portion (inherent in the goggles), the frame including at least one loop portion 10 and lenses 12,13 received in the loop portion, with an airtight spacing loop 11 sandwiched between the lenses, thereby defining an isolated empty chamber.

## Conclusion

3. The prior art made of record on the attached PTO-892, and not relied upon, is considered pertinent to applicant's disclosure.
